DEFERRED EXAMS

Students who are prevented by illness or bereavement or other acceptable cause from writing a final examination, where one is scheduled, may apply for permission to write a deferred examination. The deferred examination is the final examination for the individual concerned. Where possible, deferred exams should be completed by the last day of the semester, but shall be no later than one week into the subsequent semester.

A request for deferred examinations must be submitted to the Student Services Office within two (2) days after the date on which the regular examination was scheduled. The request for a deferred examination will be assessed by campus administration (or designate) in consultation with faculty members. Students should note that permission to write deferred examinations is a privilege, not a right, granted solely on the basis of extenuating circumstances.

DL students must pay a \$65 fee per deferred exam request prior to exam(s) being re-scheduled. Payment can be made either online via self-service or at a campus.
