

REGULATIONS FOR SUPPLEMENTARY EXAMINATIONS (DIPLOMA/CERTIFICATE PROGRAMS)

Supplementary Examinations provide an opportunity for students to improve their standing in a course in which they have attained a failing grade of 40% or 45% in courses for which the pass mark is 50% in any given semester.

For upgrading purposes, in their last semester of studies, students may be given an opportunity to write a supplementary examination for a course in which they have attained a mark of 50% or 55%.

The grade attained in a supplementary examination will replace only the grade attained in the final examination for the course in question and will be combined with marks previously attained for term work.

The following conditions must be met in order to qualify for supplementary examinations:

- a. Students may be eligible to write **one** supplementary per semester.
- b. Supplementary exams will not apply to any course in which the final exam is worth less than 30%.
- c. Supplementary examinations will be scheduled and should be written during the supplementary period.
- d. Students must apply, in writing, for supplementary examinations. The established standard fee per supplementary examination must accompany the application form. Refunds of such fees will only be permitted if permission to write an examination is not granted.
- e. If the mark obtained in the supplementary is lower than the original mark obtained on the regular examination, the original mark will be included in calculating the grade point average.
- f. When circumstances warrant, supplementary examinations may be written off-campus; the Student Services Office must be contacted for permission and guidelines prior to the examination period. All costs associated with the administration of off-campus supplementary examinations will be borne by the student.
- g. Academically dismissed students are not eligible to write supplementary exams.
