ACCESSIBILITY SERVICES

CAMPUS LOCATIONS
CNA is Newfoundland and Labrador’s public college – one of the largest post-secondary educational and skills training centres in Atlantic Canada, with a history dating back more than 55 years.

Today, CNA has 17 campus locations throughout Newfoundland and Labrador, and enrolls 9,000 full and part-time students each year.

Our alumni pursue rewarding, lucrative jobs doing what they were trained to do, and are making a difference around the world, wherever they call home!

To us, it’s a basic equation of supply and demand – and CNA delivers!
Why CNA?

ACCESSIBILITY
With 17 campuses throughout Newfoundland and Labrador, chances are there’s a campus near you. Also, our Distributed Learning service makes many of our programs offerings available to any community throughout Newfoundland and Labrador. Talk about convenience!

COST
Our low tuition means more money where it belongs: in your pocket. In fact, many of our students graduate with no student debt. Pretty cool, huh?

SMALL CLASS SIZE
With an average class size far smaller than what you see in a typical university program, you won’t be lost in the crowd. In fact, one-on-one time with instructional staff will help you reach your goals for success.

TRANSFERABILITY
Your CNA diploma can take you places. CNA has many agreements with institutions around the world, and here at home. Therefore, you can transfer credits from another post-secondary institution to CNA, or vice versa!

HANDS-ON EXPERIENCE
Our programs give you the skills you need to succeed in the workforce. Through apprenticeship programs, field placements, on-the-job training or co-op work terms, our students leave CNA with solid hands-on work experience.

SUCCESSFUL GRADUATES
From Middle Cove to Moscow, Vancouver to Venice – our alumni are everywhere! So whether you want to stay home near the ocean or trek the globe, an education from CNA is a great starting point for any graduates who want to go places!

BELONG
Graduating from great CNA programs means you’re always part of a big extended family. But don’t worry, we tease less than your actual siblings.

FIND A GREAT JOB
The majority of our graduates find employment in their field, with many staying right here in Newfoundland and Labrador. Most find jobs within three months of graduation.
STUDENT LIFE AT CNA

ACTIVITIES
The college offers a variety of recreational activities for students. These activities vary from campus to campus. It is recognized that recreational activities are an important part of college life and all campuses offer as much as possible. A variety of special events are held annually. Concerts, scavenger hunts, sports events, and snow sculpting are some of the activities scheduled. All students are encouraged to get involved.

ACADEMIC SUPPORT
- Libraries & Learning Commons
- Peer Tutoring
- Prior Learning Assessment
- Computer Services
- Scholarships and Awards
- Registration
- Fall Orientation
- Distributed Learning

PERSONAL SUPPORT
- Counselling Services
- Accessibility Services
- Student Development Services
- Health and Dental
- ID Cards
- Health and Safety
- Financial

STUDENT GOVERNMENT
Campus-based Student Representative Councils (SRCs) represent students locally, provincially, and nationally. The SRCs may be involved in the organization and delivery of various extra-curricular activities on behalf of the student body, such as:
- Winter Carnival
- Recreational/Social Activities
- Leadership development opportunities
- Yearbooks
- Christmas Raffles

For more information, please visit www.cna.nl.ca/handbook/
Strengthen your knowledge and skills by completing programs such as Aboriginal Bridging, CAS Transition and CAS Transfer. These programs will allow you to explore your talents with the written word, music, painting or community development, with each one helping you gain valuable insight into all things creative.

It’s a highly competitive world out there – prepare yourself. Pursuing a career in business means you gain valuable skills that keep up with our growing provincial, national and international global economy.
Technology, like life, continuously changes. Plug into this vast industry to begin careers in design, development, installation, maintenance and support of IT systems.

SCHOOL OF INFORMATION TECHNOLOGY

**COMPUTER SYSTEMS & NETWORKING**
Duration: Two Years
Location: Corner Brook, Prince Philip Drive

The Computer Systems and Networking two-year program focuses on the skills, competencies and attitudes required to research, design, install and maintain computer systems and network infrastructure in a highly competitive and secure computing environment.

**INFORMATION MANAGEMENT (POST DIPLOMA)**
Duration: One Year
Location: Distributed Learning

The Information Management professional organizes and manages all activities involved in the information life cycle. This is an online program designed to provide students with the knowledge, skills and attitudes needed to function in this role.

**PROGRAMMER ANALYST (BUSINESS) (CO-OP)**
Duration: Three Years
Location: Prince Philip Drive

The program’s main emphasis is on the design and development of a variety of business-oriented applications using the most recent versions of widely-used computer programming languages and current programming techniques.

**SOFTWARE DEVELOPMENT**
Duration: Two Years
Location: Corner Brook

The Software Development program focuses on the skills to create web applications and smart phone mobile apps for any type of business.

**WEB DEVELOPMENT**
Duration: Two Years
Location: Distributed Learning

Web Development is a two-year program offered online through Distributed Learning. It provides the student with the skills needed to design, create and maintain database-driven web applications.

Library services are available at all college campuses via the Learning Commons (also available to online students). Whether you need help finding a particular book or just need some research assistance, our library staff is there to help. Research, write, print, repeat.

DISTRIBUTED LEARNING

Have a life and an education. Study over 250 courses in a wide range of programs – it’s that simple.

DID YOU KNOW?

Some students do not have easy access to college classrooms. The college’s Distributed Learning (DL) service provides these students with a growing array of programs and more than 350 credit courses delivered through web-based e-learning. Online learning removes barriers of geography and time to provide flexibility, collaboration and interactivity. Students appreciate the quality and benefits of online learning: 90 per cent of survey respondents said they would recommend their DL course to a friend.

ENTRY INTO FULL-TIME PROGRAMS
Candidates applying for full-time status must satisfy the following requirements:

- Meet the educational and other requirements for entry into the particular program or meet the mature student requirements.
- Have reached the legal school-leaving age on the date of commencement of the course/program.
- Apply online or in writing on the approved application form and submit the non-refundable application processing fee.
- Show evidence of physical qualification in accordance with the requirements of the program selected, where applicable.
- In the case of high school students, provide a copy of marks obtained. In the case of ABE students, provide a Record of Achievement or other equivalent official transcript.
- Provide further documentation or report for an interview/testing when required.

WHEN CAN I APPLY?
You can apply at any time. Students currently in high school must be in their final year (Grade 12/Level III). Applications can be submitted online, by mail or in person at any one of our 17 campuses. Official transcripts and any other entrance requirements must be provided to complete your application. Apply early as some programs fill up quickly. Some programs do have a competitive entry process, so be sure to check our program descriptions online for more information and the most up-to-date details.
I DON'T MEET THE ENTRANCE REQUIREMENTS. CAN I STILL APPLY?

Applicants who do not meet the educational prerequisites for programs with “First Qualified, First Accepted” admissions process may be considered for Mature Student admission on an individual basis provided the following conditions are met:

1. must be at least 19 years of age at the time of application and out of school for at least one (1) year.
2. present an official transcript of grades for the highest educational level attained.
3. complete the standardized assessment instrument at a level approved by the college and attain the required scores for the program.

Specific academic course prerequisite in disciplines such as English, Math, Biology, Chemistry, and Physics, or any others specifically identified for admission cannot be waived via the Mature Student process.

Mature student status does not apply to programs with competitive entry admissions process.
The college maintains residence facilities at the Bay St. George, Burin and Happy Valley-Goose Bay campuses. Students wishing to apply for residence should contact the campuses listed below to obtain an application form and should apply directly to the residence office of the appropriate campus.

Residence space is limited and, therefore, the college cannot guarantee a room to everyone who applies. All applications are processed on a first-come, first-served basis only after a student has been confirmed in a program at the college.

For more information, contact the campuses listed below, or call 1-888-982-2268.

**Bay St. George Campus**
Stephenville, NL
(709) 643-7764

**Burin Campus**
Burin Bay Arm, NL
(709) 891-5618

**Happy Valley-Goose Bay Campus**
Happy Valley-Goose Bay, NL
(709) 896-6349

The Student Services office at each campus maintains a list of boarding and/or apartment accommodations relevant to that region.

Students attending CNA in St. John’s can apply to stay at Memorial University residence by calling (709) 864-7590.

Students attending CNA in Corner Brook can apply to stay at Grenfell College residence by calling (709) 637-6266.

The Student Services office at each campus maintains a list of boarding and/or apartment accommodations relevant to that region.
ACCESSIBILITY SERVICES

College of the North Atlantic is committed to providing an inclusive learning environment, which celebrates and encourages diversity. CNA promotes equal access and opportunities to facilitate success in the educational community and in the community at large. Our philosophy is to presume competence and encourage independence and self-actualization; empowering all students to recognize, celebrate and productively use their abilities!

If you are a student with a disability and you will require services and supports from Accessibility Services, start the application process as soon as possible. Early planning can help you avoid any delays in starting your program or in accessing the services and supports you will need. If, for example, you require adaptive equipment, alternate format texts or interpreting services, at least three months’ notice may be needed to ensure availability at the start of your program.

If you choose not to identify a disability until after you have registered, there is no guarantee that you will be accommodated in your current semester. Some accommodations take time and resources to implement and therefore, in certain circumstances, could be delayed. Additionally, if you wish to apply for funding to help offset the costs of disability related supports you will need to connect with funding agencies early.

ACCESSIBILITY SERVICES PROCESS:

Step 1: Choose a program
Step 2: Apply
Step 3: Provide documentation
Step 4: Complete a pre-entry interview with the Accessibility Services Co-ordinator
Step 5: Disclosure
