

read&write is a software program and browser extension that can help you reach your full academic potential by offering support with everyday tasks like reading text out loud, understanding unfamiliar words, researching assignments and proofing written work.

For students with various learning challenges,
learning styles and preferences,
as well as English Language Learners,
the features in **read&write** can help **ALL STUDENTS**
increase motivation and confidence
by making learning more accessible, inclusive,
and less stressful.

ALL STUDENTS and staff have access to **read&write** by using their CNA email address to log in on any device – Windows PCs, Macs, Chromebooks, iPad and Android tablets. It's a great option for students studying in class or on the move.

This is what your **read&write** toolbar will look like:

read&write features at a glance:

Reading & Writing tools

Text to Speech reads words, passages, or whole documents aloud with easy-to-follow dual color highlighting.

Text & Picture Dictionaries provide definitions and displays images to help with word comprehension

Talk&Type turns the spoken word into text.

Check It reviews writing for incorrect grammar, spelling (phonetic), capitalization, punctuation, verb tense, homophones and more

Researching tools

Collect Highlights from text in documents or the web for summarizing research and to create bibliographies.

Simplify removes ads and other copy on web pages that can be distracting.

Studying tools

Audio Maker converts selected text into an audio file, and automatically downloads.

Build a **Vocabulary List** instantly into a new doc, including selected words, the dictionary definitions, images from Widgeit Symbols, and an editable notes column
