

Academic Continuity in a Pandemic Environment

Academic Plan – Fall 2020

September 15, 2020

The 2020-21 Academic Plan has been developed to support continued student learning, where possible, for Fall 2020. College of the North Atlantic will continue to maximize its online learning and alternate delivery capacities to ensure that all possible program deliveries are completed to the best of its ability.

Please note:

- The 2020-21 Academic Plan is for Fall 2020 program intake and for the continuation of programs with training components remaining from the 2019-20 academic year.
- College of the North Atlantic reserves the right to alter any or all components of this plan including, but not limited to: program start dates, delivery methods and program structures in response to quality program delivery in the current pandemic environment.
- The college also reserves the right to issue revised versions of this plan as may be required in this pandemic environment.
- Where programs contain practical components, these may be delivered or deferred subject to Public Health measures, and employer/external placement availability as may be required.
- Students who have questions or concerns related to program start dates or delivery methods are asked to contact the Registrar's Office or the campus where their program will be delivered.

CNA would like to thank all faculty and staff for their significant contribution to the development of this plan and for their dedication to our students.
