

Student Application Survey for CEWIL iHUB Stipend Program

Thank you for participating in College of the North Atlantic's *One at a Time: Reducing Barriers to Work-Integrated Learning* Stipend Program, made possible by CEWIL Canada's iHUB program. As part of this program, we ask that all participating students complete this survey which has been designed to capture important information about the demographics about the students we have been able to provide stipends to.

I have previously been awarded a stipend (monetary bursary) from the *One at a Time: Reducing Barriers to Work Integrated Learning* during **Spring/Summer or Fall Semester of 2024**. If you checked this box, you are not eligible to receive further funding.

I confirm that I am eligible based on the following eligibility requirements:

- Enrolled in a WIL course that is a requirement to graduate
- Canadian student or newcomer to Canada (International Students do not qualify)
- Willing to complete an application form
- Has an eligible employer/community partner willing to complete the Partner Survey

I confirm that my employer / community partner is eligible based on the following eligibility requirements:

- Canadian community or industry partner – if the partnership is with an international community or industry partner, the partner must have a Canadian office; otherwise, the partnership does not qualify.
- Municipal, provincial, and federal government entities can **NOT** be considered partners. This includes post-secondary institutions.
- Organizations for which you are paying for a service (i.e., software or training) are typically not considered as eligible partners in a WIL experience.

If your employer partner is not eligible based on the above criteria, please contact wil@cna.nl.ca to see if an alternative WIL opportunity is applicable for you.

We also ask that you give consent for the College to contact your employer/community partner to discuss your involvement in the project as we need to collect information from them as well. Please check the box indicating you give consent.

The Access to Information and Protection of Privacy Act (ATIPP Act 2015) restricts the release of personal information without the informed consent of the person to whom it relates. Students who wish to have specific personal information released to any third party must complete and sign this form. This information collected in this survey will be shared with CEWIL Canada and will be used to drive further program initiatives.
